

**Topic:**

You are two tourists who are on holiday in Germany and you have decided to explore Berlin for a week. On your last day there, you visit many of the **attractions**, try the **local food**, and end your day visiting the **Berliner Dom**. As you take out your phones to check for the way back to your hotel, you realise that both your phones are out of battery. You know that your hotel, the *Hilton Berlin*, is not far away and decide to **ask locals for directions**.

Two of you will act as **tourists** and one of you will act as **a local** (this person might have to take multiple roles). You can also reverse this and be a lone traveller meeting groups of Germans. In a group of two one is acting as the locals and one is the tourist.

The presentation has to be **active** and **acted** out. Imagine this really happens to you, what would you say and do? Let your imagination go far.

**Basic Rules:**

- Your tutor will separate you in **groups of 3** students (if you are a group of 2 then one will be a tourist and the other one the locals).
- Your tutor will assign you a **time slot** for your oral exam. Please make sure that you are on time!
- You ought to come prepared and use props.
- **Part 1:** You will act out the prepared performance. You have 12-15 min to act out your scene. (8-10 min for a group of 2)
- **Part 2:** Your tutor might ask you **questions** on any of the topics that we have covered this semester.

! **Notes are strictly prohibited** during the oral exam!

**General Information:**

The aim of the Oral Exam is to demonstrate your proficiency in speaking and understanding German in a **casual** and **conversational** style and setting. Therefore, your tutor will evaluate **you in four categories** (see marking guide below).

All oral exams will be held in **the last week before recess week (Week 7)**.
